EVERYMAN

Inclusivity: Ensuring access to affordable and reliable internet services for all individuals, regardless of their background or socioeconomic status.

Accessibility: Striving to make internet services accessible to underserved areas, rural communities, and marginalized populations that have limited access to reliable connectivity.

Reliability: Ensuring a safe and consistently reliable internet connection to enable seamless communication, access to educational resources, job opportunities, and other essential online services.

Community Empowerment: Empowering local communities through technology, education, and support to enhance their digital literacy, safety, and overall well-being.

Innovation: Embracing technological advancements to stay at the forefront of the digital landscape, continuously improving services, and exploring new ways to close the digital divide.

HERO

Empowerment: Empowering individuals and communities by providing them with the tools, resources, and knowledge to bridge the digital divide and unlock their full potential.

Leadership: Taking a proactive role in leading the charge to close the digital divide, inspiring others to follow suit, and setting an example for the industry.

Accessibility/Affordability: Ensuring that internet services are accessible and affordable to all, with pricing plans and initiatives designed to eliminate financial barriers to connectivity.

Trustworthiness: Building trust among customers and communities by delivering on promises, providing secure and reliable internet services, and being transparent in operations.

Resilience: Overcoming challenges and setbacks with determination and resilience, persistently pursuing the mission of closing the digital divide despite obstacles.

WHAT IS A BRAND HOUSE?

A Brand House is the most common form of brand architecture.

It is a tool used to consolidate, organize, and understand the complex beliefs, messages, and market position of a brand. Each layer of the brand house is the foundation of the next layer, informing positioning as it builds and cascades through each section.
